We are very pleased to report many notable successes among the Session 2023/24 exam results. Our commitment to academic excellence and personalised learning has yielded remarkable outcomes across National 5, Higher, and Advanced Higher levels but the raw statistics do not tell us about the hard work on the part of individual students and their teachers.

*“I am immensely proud of our pupils’ achievements. Their dedication, curiosity, and perseverance have led to outstanding results. As a school, we celebrate not only the grades but also the growth and development of each student. In addition to celebrating the As, we also celebrate the B and C passes for those pupils who have achieved their best possible results. We celebrate every pupil’s effort and success. These outstanding results wonderfully represent the collaborative efforts of our entire school community.”*
